TARWF Co-Presidents Message February 2020

We were so glad to see so many of you in attendance at the first meeting of 2020. Our new location the Elks Club was well received. We have lots of room, a better sound system and menu and easy level parking.

Six candidates are vying for Congressional District 45 along with Supervisor Don Wagner. The Republican Party is blessed with terrific challengers to replace Katie Porter. Your enthusiasm will help our team be victorious in November. The March 3rd Primary is critical. In addition to taking back the 45th Congressional seat and Re-Electing Don Wagner to the Board of Supervisors, we must elect three Conservatives to the Orange County School Board. Please stay tuned for ALL ways you may be able to be a part of achieving this victory in the next 9 months.

Please be aware of two additional issues in our ballot already mailed...

1. The Ballot measure **Proposition 13** is being **promoted by an unofficial slate source** in your mailboxes. It's disguised as "**Continuing the Republican Revolution**" and asking you to vote yes. Its description is "Californians for Safe Schools & Healthy Learning. Our OCGOP is aware and we are working hard to get the word out. **VOTE NO on This measure!** Do not be fooled.
2. **Do NOT Mail**, but bring your ballot to the **VOTING Center** nearest you ...or the **OCGOP office** at 1422 Edinger Ave Suite 100 Tustin, CA 92780

We hope to see you at our **February 28th Meeting at the Elks Lodge from 11 am to 1 pm.**

Our Best always,
Judy & Pat

Legislative Republican Priorities

Republicans in the state legislature sent a letter to Governor Newsom outline their budget priorities for this session. In it, they outline their concerns for Californians and how they can be addressed through budget issues. Here are what our Republican representatives want to focus on:

1. Improving Californians Quality of Life
2. Real Solutions to the Homelessness Crisis
3. Meaningful Disaster Preparedness and Response
4. Access to Safe Schools and Higher Education
5. Investing in Public Safety
6. Increasing Budget Reserves and Accountability

As far as we know, Governor Newsom has not responded to the concerns of the Republicans in his legislature. We hope that the Governor takes these priorities seriously, since they reflect the worries of all Californians. His proposed budget leaves much to be desired, but we are hopeful that budget negotiations take all these priorities into account. Read the full letter [HERE](#).

Hi Adorable Patriots,

A HUGE thank you for volunteering at Enderle Center on Wednesday, February 12th. We did get lots of appreciation for being out and about and all conservatives like to see THE DONALD AND HIS BEAUTIFUL FIRST LADY. With this new voting system we also were able to answer voting questions and give voting/campaign information.

Again THANK YOU for helping. It was lovely spending time with conservative TARWF ladies.

Our next big registration event will be at Tustin Chili Cook-off on Sunday, June 7th. We will have many people to talk with during that event. Put that date on your calendar and consider volunteering. Thanks much.

**The real story they won't tell
you**

“Our country has never done better than it is doing right now,” President Trump said this morning. He’s right—and the numbers prove it.

While one party mourns the death of its political stunt, here is the news from the rest of America:

- **Americans’ economic optimism** just hit a record 44-year high—better than under Presidents Reagan, Clinton, or Obama. That confidence is buoyed by an unemployment rate near 50-year lows, a record stock market, and plummeting income inequality as blue-collar wage gains outpace white-collar ones.
- **More people are satisfied** with how things are going in the United States than at any point in the past 15 years. Besides the soaring economy, violent crime rates are down, and American strength grows as terror leaders are brought to justice.
- **A record-breaking 90 percent** of Americans are satisfied with their personal life. “It’s likely no coincidence that Americans’ heightened satisfaction with their personal life comes as confidence in the U.S. economy and their personal finances are also at long-term or record highs,” Gallup writes.
- To top it off: While Democrat leaders fume and **rip up speeches**, the rest of the country is giving President Trump his **highest approval rating** yet.
- Never before has the left’s partisanship been so disconnected from reality. When President Trump shared good news in his State of the Union speech—on our economy, our military, or anything else—Democrats refused to cheer. Their one agenda item, impeachment, failed. None of America’s tremendous successes mattered to them.
- But it matters a lot to working Americans of all backgrounds. We know that because they said so: By a **stunning 40-point margin**, independents said that impeachment was “more important to politicians than it is to me.” About the same number said impeachment was “more important to the media than it is to me.” The issues that did matter to them: healthcare, infrastructure, the economy, and more.
- Democrats have made their priority clear—and it’s not you. Fortunately, America is succeeding without their help. But it shouldn’t have to be that way.

Deer License

Pretty Amazing! A blogger added up the deer license sales in just a handful of states and arrived at a striking conclusion:

There were over 600,000 hunters this season in the state of Wisconsin. Allow me to restate that number: 600,000! Over the last several months, Wisconsin's hunters became the eighth largest army in the world. (That's more men under arms than in Iran. More than France and Germany combined.)

These men, deployed to the woods of a single American state, Wisconsin, to hunt with firearms, and NO ONE WAS KILLED. That number pales in comparison to the 750,000 who hunted the woods of Pennsylvania and Michigan's 700,000 hunters, ALL OF WHOM HAVE RETURNED HOME SAFELY. Toss in a quarter million hunters in West Virginia and it literally establishes the fact that the hunters of those four states alone would comprise the largest army in the world. And then add in the total number of hunters in the other 46 states. It's millions more.

The Point?

America will forever be safe from foreign invasion with that kind of home-grown firepower!

Hunting... it's not just a way to fill the freezer. It's a matter of national security. That's why all enemies, foreign and domestic, want to see us disarmed. Food for thought, when next we consider gun control.

Overall it's true, so if we disregard some assumptions that hunters don't possess the same skills as soldiers, the question would still remain...

What army of 2 million would want to face 30 million, 40 million, or 50 million armed citizens??

For the sake of our freedom, don't ever allow gun control or confiscation of guns.

The Corvette.

A man named Tom Nicholson posted on his Facebook account the sports car that he had just bought and how a man approached and told him that the money used to buy this car could've fed thousands of less fortunate people.

His response to this man made him famous on the internet. READ his story as stated on Facebook below:

A guy looked at my Corvette the other day and said,
"I wonder how many people could have been fed for the money that sports car cost?"

I replied I'm not sure;
it fed a lot of families in Bowling Green, Kentucky who built it,
it fed the people who make the tires,
it fed the people who made the components that went into it,
it fed the people in the copper mine who mined the copper for the wires,
it fed people at Caterpillar who make the trucks that haul the copper ore.
It fed the trucking people who hauled it from the plant to the dealer
and fed the people working at the dealership and their families.

BUT,... I have to admit, I guess I really don't know how many people it fed.
That is the difference between capitalism and the welfare mentality.

When you buy something, you put money in people's pockets and give them dignity for their skills.

When you give someone something for nothing, you rob them of their dignity and self-worth.

Capitalism is freely giving your money *in exchange for something of value*. Socialism is having the government take your money against your will and give it to someone else for doing nothing.

"The people that voted for Trump are never going to abandon him. I don't care what Mueller does. I don't care what the media does. They're never gonna abandon him. You know why? They elected him knowing who he is. And in many cases, they admire who he is. He is the one person standing in the way of them losing their country. In their minds, that's what's at stake."

Trump vs New World Order

This is a well written summary of the current state of affairs in the world and the impact that Trump is having on everything.

Written by Dr. James Veltmeyer, a prominent La Jolla physician voted "Top Doctor" in San Diego County in 2012, 2014, 2016, 2017, and 2019.

TRUMP: EXISTENTIAL THREAT TO NEW WORLD ORDER

By James D Veltmeyer, MD

The ongoing attacks by the political establishment on President Donald Trump –which began even before he was elected – are without parallel in history. The savagery, frenzy, and outright hysteria displayed by the President's enemies within the Democrat Party, the media, and the various power centers of the globalist elites have no prior precedent.

This President has been spied on, lied about, made the subject of phony

foreign dossiers, insulted, ridiculed, scorned, mocked and threatened. We have witnessed Hollywood celebrities advocate for blowing up the White House, demand the President be beaten, jailed or even assassinated and his children tortured and sexually abused. We have seen politicians in Washington try to convict the President of non-existent crimes, investigate him and his family members for everything from tax returns to guests at his hotels, project on to him crimes that they themselves have committed, and seed his Administration with leakers and double-agents.

No other President in American history has been treated in such a shameful manner. Not Lincoln. Not FDR. Not Nixon. Not Reagan. What is it about this President that has roused such demons in his political foes? What is it about this President that drives his opponents to the brink of insanity? What is it about this President that so terrifies and terrorizes the Pelosis, Schiffs, Schumers and the George Sorosés? Is it simply that he is not part of the club, a brash outsider with a different style? Is it merely because he's outspoken and tramples on political correctness? Is it because he's sometimes unpresidential in his demeanor (at least in their minds)?

Not at all. After all, aren't these the same folks who loved Bill Clinton whose extracurricular activities involved cigars and staining blue dresses in the Oval Office? Of course, Clinton was beloved by the globalist elites who pull the strings on world governments. He gave them NAFTA, after all. He gave them the WTO. He made tens of billions of dollars for them and their stockholders through these unfair trade deals that cost America five million manufacturing jobs and closed 70,000 factories. He also gave the military-industrial complex plenty of profit-making military interventions, from Haiti to Bosnia to Serbia and Iraq. Bill Clinton, for all his corruption, delivered the goods for the New World Order.

Donald Trump, of course, never played ball with these globalists. He was elected explicitly on an anti-globalist platform that put America first. From day one, he started to implement that America-first agenda, earning him the undying enmity of all those whose profits are secured by selling out American workers, American jobs, and America's national sovereignty. President Trump pulled us out of the TPP. Billions in lost profits for the globalists. President Trump pulled us out of the job-destroying Paris Climate Accords. Billions in lost profits for foreign nations like Communist China, at our expense. Read NASA's Report. President Trump began the process of securing the U.S. border. Billions in lost cheap illegal immigrant labor for the Business Roundtable. President Trump imposed tariffs on China, becoming the first President ever to address Beijing's annual \$500 billion rape of our economy. Billions in lost profits for corporations who ship our jobs to one of the worst tyrannies on the planet. President Trump renegotiated NAFTA. Again, billions in lost profits for the cheap labor crowd. President Trump launched the process of extricating the U.S. from endless foreign wars and avoiding new wars with nations like Iran and North Korea. Billions –perhaps trillions – in lost profits for the globalist war machine.

Is the picture becoming a little clearer? In each instance, the President's policies have represented a dramatic upending of the globalist agenda of both parties, the Carter-Bush-Clinton-Bush-Obama agendas of continuous war and the continuous looting of America's wealth and hollowing out of the

American middle class. With both parties and their representatives in Congress beholden to campaign donors whose profits are threatened by Trump's America-first initiatives, is it no wonder that both Democrats and Never-Trump Republicans, all Globalist-Socialist, are determined to bring this President down?

Most of the mass media is controlled by these same global corporations. After all, doesn't Amazon's Jeff Bezos—the richest man in the world – own the Washington Post? As was said in Watergate, just follow the money. And while you're following the money—see if it leads to a \$500 million left-wing slush fund run by a shadowy Soros and Clinton linked group called Arabella Advisors which is funding the anti-Trump political agenda through dozens of high-sounding front groups.

Folks, the New World Order gang is in full retreat all over the globe. From Brexit in the UK to the populist governments of Hungary and Poland to the Yellow Vest movement in France and Salvini in Italy, the middle and working classes are demanding the overthrow of their nation-destroying overlords. The overlords who have flooded their countries with unassailable immigrants from North Africa and surrendered their sovereignty to the European Union and its unaccountable bureaucrats in Brussels. They have lived the unfulfilled promises of the globalists, that giving up national sovereignty and relocating jobs abroad would usher in a new era of peace and prosperity. The exact opposite has happened. The globalist vision has resulted in \$7 trillion of pointless wars in the Middle East, an immigration crisis, the loss of jobs, and declining standards of living.

In the United States, Donald J. Trump has emerged as the New World Order's most tenacious and determined foe as he fights the good fight for the American people, our constitutional rights and liberties and the sovereignty of our nation. He is an existential threat to the New World Order. Unlike other Republican presidents of the recent past, he can't be bought and has no price. Unlike them, he doesn't give in and he doesn't give up.

Go ahead, globalists. Try your impeachment games. Try your Senate trials. It won't work. In fact, it will backfire on all of you as – after three years of trying to prevent the Electoral College from voting for Trump, stopping the inauguration, unleashing Jim Comey and the FBI, CIA spying, Robert Mueller and his phony Russia gate probe, tax returns, emoluments, Kavanaugh, and all the rest -- the patience of the American public is wearing thin. We aren't as stupid as you think. something you will recognize clearly come November 3, 2020.
