## January 2021 Newsletter

**Dear TARWF Members & Patriots,**

**January 2021**

Happy New Year to you all! We hope this finds you all feeling healthy and doing well.

Well, what can we say at a time when our hopes, dreams and plans to reelect our beloved President Donald J Trump for another four years, and his vision to “Make America Great Again”, has seemingly been thwarted and derailed? Well, we have choices. We can continue to feel defeated and be immobile, or we can choose to remain resilient persevering and committed to going forward.

While grieving, yes, we can still feel deeply saddened for the losses not only for us personally, but also for the losses to our beloved President Trump and our Nation. There are so many thoughts and emotions swirling... so many unanswered questions and truths still needing to be revealed, not only about the election and how we believe it was stolen, but also now about what really happened at our Nation’s Capital on January 6<sup>th</sup>.

Recently a treasured friend shared a godly perspective with us for the future. While we have a new reality, no matter what happens, we would like to reiterate the hopeful and encouraging words written by the Valley Forge Foundation. ***"We still believe that what unites us as Americans is stronger than what divides us."*** Our revered President George Washington, our beloved President Donald J Trump, and his staunch and unflappable mentor Winston Churchill...they all believed in these words as they all lived out, persevered and led their nation amidst daunting threats of evil...i.e., Fascism, Marxism & Communism. These truly remarkable leaders share so many common attributes that have contributed to their success.

The most profound and glaring ones are FAITH and COURAGE. These attributes were needed then and are needed now “For such a time as this”.

President Trump is still our President until January 20th. Let us continue to PRAY for him, stand with him, and support him as he “finishes well” and closes out this term, for the sake and wellbeing of everyone. Let us CHOOSE to honor his countless and monumental achievements by continuing with the worthy vision, contributions, and work ethic he modeled for us. Let us CHOOSE to bring a new focus and a spirit of hope, gratitude and optimism to our families, our local community, our local candidates, and our state representatives where we can continue to make a difference. As President Trump always says... ***“We’ll see what happens.”***

We look forward to ‘being with you’ in the upcoming months at our General Meetings on Zoom. This mode will be necessary until the vaccine is disseminated and there is a clearer path for safety in large gatherings. Meanwhile stay safe and healthy and please join us as we humbly ask Almighty God to Bless and protect us, and continue to Protect and Preserve our President, our Constitution, our Freedoms, and our Great Nation.

Sincerely  
Sheryl Franke & Pat Micone  
Your 2021 TARWF Co-Presidents

The Republican establishment was against him.  
The Democratic establishment was against him.  
The news media establishment was against him.  
The entire world was against him.  
And he defeated them all.

**TARWF Website Update by Tedi Cox  
Website Manager**

Our TARWF website is no longer up and running. We will have a new site built for us in the near future. Our club website has always been hosted under the umbrella of California Federated Republican Women. They now have a new website and are no longer hosting individual clubs. Your Board of Directors voted to use Sherry Gillis, Gold Star Web to build our new site. Sherry is also building CFRW's new site, which looks really great. In the meantime, our club has a page on the new CFRW web site with meeting time, location and other information.

California and the United States are in a battle between good and evil. In California we can help by Recalling Governor Gavin Newsom! Become a clipboard warrior! Go to [RecallGavin2020.com](https://www.RecallGavin2020.com). Download and print your petitions (recommend letter size). Put them on a clipboard, get them signed and then mail to address printed at the bottom of the petition. Now that holidays are over we need to restart our recall campaign. START TODAY!

Final deadline to mail your petitions into the Recall Office is March 10<sup>th</sup>. The deadline for delivery to county registrars is March 17<sup>th</sup>.

[SaveCalifornia.com](https://www.SaveCalifornia.com) is a great website for you. They have upcoming California peaceful events. etc. They also have information about California Legislation. CHECK IT OUT!

### **Volunteer Opportunities**

There will be a special election to fill Michelle Steel's vacancy for the Orange County Board of Supervisors, March 9, 2021. John Moorlach will be running and has been endorsed by the OCGOP, Lincoln Club of Orange County, and the New Majority. Katrina Foley, Costa Mesa mayor, is the Democratic candidate running against Moorlach. We need to make sure we keep the Republican majority on the Board of Supervisors. The Moorlach campaign is in need of canvassers, phone banking, and would be happy to deliver a sign to you. Please encourage your family and friends to vote for John Moorlach. If you are interested in volunteering please reach out to Ryan May via email

ryan@moorlachforsupervisor or phone 714-614-1945.

Proud to be sworn in as an alternate for OCGOP Central Committee tonight! I want to make a difference in this world..let's start with the county! #CARepublicans #OCGOP

Here are some quick FACTs about the 2020 election to consider:

1. What are the odds that a person is leading by 700,000 at midnight on election day in Pennsylvania and by 6AM the next morning is losing by 60,000? Don't know the odds but it's never happened before in any state.
2. Joe Biden received 15MM more votes than Barrack Obama yet received 6% less of the Black vote.
3. Donald Trump received the highest number of minority votes as a Republican in 60 years.
4. In 2016 DT received 62.9MM votes. In 2020 he received 73.9MM votes (+11MM votes). No president, in over 150 years, has ever lost a re-election when he received more votes in his re-election bid than in his initial election.
5. JB is the first person in 60 years to win a presidential election while losing both Florida and Ohio.
6. Over the past 40 years 19 counties have always correctly picked the person to win the presidential election. In 2020 18 of the 19 counties picked DT to win the presidency. Only one county in Washington State picked JB.
7. JB underperformed Hillary Clinton in EVERY major metro area in the country except for Milwaukee, Detroit, Atlanta and Philadelphia. All are democrat run cities in the 4 most critical swing states.
8. JB won 524 counties nationwide, 349 fewer than Barrack Obama. DT won 2,534, 5 times as many as JB. The conclusions seem pretty compelling.

## Trump Appoints Members to 1776 Commission on Patriotic Education

BY [IVAN PENTCHOUKOV](#)

December 18, 2020 Updated: December 22, 2020

President Donald [Trump](#) appointed 18 members to an advisory commission tasked with returning patriotic education to America's public schools.

The members, who will each serve for two years, include prominent conservative figures Charlie Kirk, Ned Ryun, and Victor Davis Hanson.

Trump announced his intent to create the President's Advisory 1776 Commission on Sept. 17. He signed an executive order establishing the commission on Nov. 2.

“As our nation approaches its 250th anniversary of glorious Independence, many of America’s schoolchildren are tragically being taught to hate our founding, hate our history, and hate our country,” White House press secretary Kayleigh McEnany said in a statement after the appointments were announced.

“This must stop. The 1776 Commission will help ensure that every American child learns that they live in the greatest and most exceptional nation in the history of the world. That is why it is absolutely vital to teach America’s young people all that is inspiring and unifying in our history.”

The order directs the agencies across the government to prioritize federal resources to promote patriotic education.

The commission is tasked with producing a report on “the core principles of the American founding” and advising the president and the U.S. Semiquincentennial Commission on plans to celebrate the 250th anniversary of the United States. The order also calls for the creation of a “Presidential 1776 Award” to recognize student knowledge about the American founding.

The commission will also advise federal agencies in connection with their efforts to provide patriotic education at “public national parks, battlefields, monuments, museums, installations, landmarks, cemeteries, and other places important to the American Revolution and the American founding.”

The Department of Education will fund the commission and provide administrative support. The members will serve without compensation except for travel expenses. “What a great honor!” Kirk wrote on Twitter.

“Thank you [President Donald Trump] for appointing me to the 1776 Commission. It is a great privilege and I appreciate it,” Ryun wrote on Twitter.

The order also reinforces an existing rule which requires entities receiving federal funding to celebrate [Constitution Day](#) on Sept. 17.

“In the face of lies meant to divide us, demoralize us, and diminish us, we will show that the story of America unites us, inspires us, includes us all, and makes everyone free,” Trump said following the announcement of the commission.

The president appointed Larry Arnn of Arkansas to serve as the chair of the commission and Carol Swain of Tennessee to serve as the vice-chair. The other members are Brooke Rollins, Vincent Haley, Phil Bryant, Mike Gonzalez, John Gibbs, Scott McNealy, Gay Hart Gaines, Peter Kirsanow, Charles Kesler, Thomas Lindsay, Jerry Davis, Michael Farris, and Bob McEwen.

# The True Plight Of Black Americans

Walter E. Williams | Jun 12, 2020

While it might not be popular to say in the wake of the recent social disorder, the true plight of black people has little or nothing to do with the police or what has been called “systemic racism.” Instead, we need to look at the responsibilities of those running our big cities.

Some of the most dangerous big cities are: St. Louis, Detroit, Baltimore, Oakland, Chicago, Memphis, Atlanta, Birmingham, Newark, Buffalo and Philadelphia. The most common characteristic of these cities is that for

decades, all of them have been run by liberal Democrats. Some cities — such as Detroit, Buffalo, Newark and Philadelphia — haven't elected a Republican mayor for more than a half-century. On top of this, in many of these cities, blacks are mayors, often they dominate city councils, and they are chiefs of police and superintendents of schools.

In 1965, there were no blacks in the U.S. Senate, nor were there any black governors. And only six members of the House of Representatives were black. As of 2019, there is far greater representation in some areas — 52 House members are black. Nine black Americans have served in the Senate, including Edward W. Brooke of Massachusetts, Carol Moseley Braun and Barack Obama of Illinois, Tim Scott of South Carolina, Cory Booker of New Jersey, and Kamala Harris of California. In recent times, there have been three black state governors. The bottom line is that today's black Americans have significant political power at all levels of government. Yet, what has that meant for a large segment of the black population?

Democratic-controlled cities have the poorest-quality public education despite their large, and growing, school budgets. Consider Baltimore, Maryland. In 2016, in 13 of Baltimore's 39 high schools, not a single student scored proficient on the state's math exam. In six other high schools, only 1% tested proficient in math. Only 15% of Baltimore students passed the state's English test. That same year in Philadelphia only 19% of eighth-graders scored proficient in math, and 16% were proficient in reading. In Detroit, only 4% of its eighth-graders scored proficient in math, and 7% were proficient in reading. It's the same story of academic disaster in other cities run by Democrats.

Violent crime and poor education is not the only problem for Democratic-controlled cities. Because of high crime, poor schools and a less pleasant environment, cities are losing their economic base and their most productive people in droves. When World War II ended, the population of Washington, D.C., was about 800,000; today, it's about 700,000. In 1950, Baltimore's population was almost 950,000; today, it's around 590,000. Detroit's 1950 population was close to 1.85 million; today, it's down to 673,000. The population of Camden, New Jersey, in 1950 was nearly 125,000; today it has fallen to 74,000. St. Louis' 1950 population was more than 856,000; today, it's less than 294,000. A similar story of population decline can be found in most of our formerly large and prosperous cities. In some cities, the population decline since 1950 is well over 50%, and that includes Detroit, St. Louis, Cleveland and Pittsburgh.

Academic liberals, civil rights advocates and others blamed the exodus on racism — “white flight” to the suburbs to avoid blacks. But blacks have been fleeing some cities at higher rates than whites. The five cities whose suburbs have the fastest-growing black populations are Miami, Dallas, Washington, Houston and Atlanta. It turns out that blacks, like whites, want better and safer schools for their kids and don't like to be mugged or have their property vandalized. And like white people, if they have the means, black people cannot wait to leave troubled cities.

White liberals and black politicians focus most of their attention on what the police do, but how relevant is that to the overall tragedy? According to Statista, this year, 172 whites and 88 blacks have died at the hands of police. To put police shootings in a bit of perspective, in Chicago alone in

2020 there have been 1,260 shootings and 256 homicides with blacks being the primary victims. That comes to one shooting victim every three hours and one homicide victim every 15 hours. Three people in Chicago have been killed by police. If one is truly concerned about black deaths, shootings by police should figure way down on one's list — which is not to excuse bad behavior by some police officers.

## HOW TO FIGHT COVID AT HOME

No one ever talks about how to fight Covid at home. I came down with Covid in November. I went to the hospital, running a fever of 103, a rapid heart beat, and other common symptoms that come with Covid. While I was there they treated me for the high fever, dehydration and pneumonia.

The doctor sent me home to fight Covid with two prescriptions - Azithromycin 250mg & Dexamethasone 6mg. When the nurse came in to discharge me, I asked her, "What can I do to help fight this at home?" She said, "Sleep on your stomach at all times with Covid. If you can't sleep on your stomach because of health issues sleep on your side. Do not lay on your back no matter what because it smashes your lungs and that will allow fluid to set in.

Set your clock every two hours while sleeping on your stomach, then get out of bed and walk for 15-30 min, no matter how tired or weak that you are. Also move your arms around frequently, it helps to open your lungs. Breathe in thru your nose, and out thru your mouth. This will help build up your lungs, plus help get rid of the Pneumonia or other fluid you may have.

When sitting in a recliner, sit up straight - do not lay back in the recliner, again this will smash your lungs. While watching TV - get up and walk during every commercial.

Eat at least 1 - 2 eggs a day, plus bananas, avocado and asparagus. These are good for Potassium. Drink Pedialyte, Gatorade Zero, Powerade Zero & Water with Electrolytes to prevent you from becoming dehydrated. Do not drink anything cold - have it at room temperature or warm it up. Water with lemon, and little honey, peppermint tea, apple cider are good suggestions for getting in fluids. No milk products, or pork. Vitamin's D3, C, B, Zinc, Probiotic One-Day are good ideas. Tylenol for fever. Mucinex, or Mucinex DM for drainage, plus helps the cough. Pepcid helps for cramps in your legs. One baby aspirin everyday can help prevent getting a blood clot, which can occur from low activity.

Drink a smoothie of blueberries, strawberries, bananas, honey, tea and a spoon or two of peanut butter. We always hear of how Covid takes lives, but there isn't a lot of information out there regarding
