Presidents' Report

June 2021

Dear TARWF Members,

My, it's been over 5 months now with the Biden -Harris regime causing unprecedented upheaval and reversal of President Trump's sane conservative policiesit makes our head spin.

With that said, and while it is extremely challenging to watch and wonder "what can I do" ...we need to stay strong and committed for the LONG HAUL. Things will be challenging like this for the next 18 months, so we must keep vigilant, purposeful, hopeful, determined and faithful, and believe that together we can do all we are able to reverse the damage. We need to stay informed, stand firm and let our voices be heard. We will continue to let you know of events to participate in and actions you can take to be the best for a 'Conservative Resistance'. 'Your presence' in our Club is vital to keeping us in the fight.

We had the privilege to hear Scott Presler speak this past weekend at the CFRW Board of Directors meeting at which he imparted much wisdom to share. He is the ordinary young man who helped President Trump win in 2016, and decided that each individual makes a difference, said "I WILL". He is that young man who spearheaded the project to clean up tons of trash in LA, Baltimore and other cities. He is very entertaining and impactful with his unconventional way of speaking out loudly and boldly for conservative policies. His message clarifies "we need policies not politics" to change hearts and minds. He hopes ALL of us will say "I WILL". ☺

The TRUTH is on our side and that is why the left is silencing and censoring us. They are in a hurry because as the "TRUTH is getting out" and told ...the "sleeping giant" is awakened. Ultimately the Truth revealed will blow their cover on their immoral schemes. Dennis Prager calls what the left is doing as "inverted truth". Everything they do is upside down.

We are feeling encouraged that the "Arizona's People Audit" is remaining strong and intact and continuing to progress to the finish line despite the powerful threats that the

Left has endeavored to halt it. Now we are seeing the battle ground states and several other states like Alaska visiting Arizona's audit to learn more about their procedures and processes. Election Integrity is forefront now and it needs to be because without integrity in our elections all else we endeavor will be for naught.

We choose our thoughts so let us choose to think positive ...and keep prayerful and hopeful that out of this unprecedented travesty God will bring good and we will overturn this regime and restore and rebuild our **America First**, stronger than ever. It seems that in all of history as in personal life, sometimes we need to lose something before we truly value it. Thus, we stay strong and FIGHT! 😊

We hope you are all looking forward to a relaxing and fun filled summer season with your loved ones. We are planning a special 'New Members Event' over the summer, so stay tuned and we will let you know as plans are firmed up.

We are extremely excited about our **June 25th Fashion Show & Bonnet Parade Luncheon**...and we hope you will all **RSVP and bring a friend to share in the JOY!** Our Ways and Means Co-Chair Judy Levine and special Fashion Show Committee Chair Pamla Manazer are working tirelessly to make it an event to remember! INFORMATION TO OUR ADORABLE DEPLORABLE PATRIOTS

Updated News on Gavin Newsom Recall

California elections officials announced on April 26, the Recall Campaign had 1,626,042 valid signatures. Then the democrats had 30 business days to get citizens to withdraw their names from the recall petition. That time has now passed. In Orange County one signature was withdrawn out of 215,000 signatures submitted. In the state of California a total of 42 people have chosen to withdraw their signatures from the recall petition.

We are set for the Recall Election, but Gavin Newsom keeps playing with the rules. The governor is able to do this with the support of the one-party rule in the democratic legislature. According to Assemblyman Kevin Kiley, AB 152 gives Gavin Newsom control over the date of the Recall Election by waiving certain rules. The democrats are definitely up to shenanigans. The latest guestimate for the Recall Election could be mid/late September or first week of October. Governor Newsom is still being very dictatorial with all the wishy washy information about reopening and mask mandating. Cal OSHA has come up with strict guidelines regarding workplace mask mandates. Governor Newsom has to determine if he has bought (\$116.5 M - vaccine incentives) enough votes to defeat the Recall Election. Hopefully his continued control and massive number of executive orders over California will keep passions high to recall him and change the direction of California. **Let's pray that we get an inspiring leader to challenge this governor.**

Flag Day, June 14, 2021

The Real Story Behind Old Glory

You have given a banner to those who fear you, to be displayed because of the truth.

Psalm 60:4

June 14, 2021 is Flag Day. It commemorates the same day 244 years ago when, in 1777, the Continental Congress passed a resolution "that the flag of the thirteen United States be thirteen stripes, alternate red and white; that the union be thirteen stars, white in a blue field, representing a new constellation." Since that time, generations of Americans have celebrated the flag as a symbol of our God-given freedoms and God-blessed nation, and in every American military campaign, "Old Glory" has been a symbol of our freedom.

Interestingly, "Old Glory" was the name that Captain William Driver placed on a flag he was presented in 1831. The nickname given to that flag became so well known that during the Civil War, the Confederates tried unsuccessfully to confiscate and destroy Captain Driver's flag that he had sewn into his bedcover to protect. In 1862, when Union soldiers occupied Nashville, Driver took out his flag and flew it over the Capitol as a symbol that "Old Glory" stood firm.

We still honor "Old Glory" today by celebrating Flag Day each year. The first Flag Day celebration occurred in Wisconsin in 1885 when a schoolteacher had his students observe June 14 as "Flag Birthday," or "Flag Day." This idea inspired others around the nation to continue the practice and as the celebrations grew, the idea received national recognition. In 1916, President Woodrow Wilson issued a presidential proclamation calling for the national celebration of Flag Day, thus establishing it as a national event.

As you celebrate this year's Flag Day educate yourself on the greatness of America's founding, and inspire others to do the same! Happy Flag Day!

SCHOOL CHOICE Could solve critical race theory indoctrination

There appears a way to "solve" the California problem of anti-American propaganda indoctrination that is taking place in liberal public schools: School Choice Initiative. This should be a non-partisan issue as most parents want their children to receive an education that provides the knowledge and skills needed in today's world. The School Choice Initiative can achieve this goal without raising taxes! The petition will be available in the fall and then everyone needs to gather signatures. We will share School Choice Initiative highlights in

the coming weeks, but let's start with:

The proposition takes Prop 98 funding for K-12 education (\$82 to \$100 BILLION per year!) and divides it by the number of K-12 students (between 6 to 6.5 MILLION). That comes out to approximately \$13,000 to \$14,000 per student that PARENTS can use at any accredited public, charter, private or parochial school chosen by the parent and attended by the student, or used to defray certain qualified home schooling expenses.

DEMOCRACY COUNTDOWN

How Long Do We Have?

About the time our original thirteen states adopted their new constitution in 1787, Alexander Tyler, a Scottish history professor at the University of Edinburgh, had this to say about the fall of the Athenian Republic some 2,000 years earlier:

'A democracy is always temporary in nature; it simply cannot exist as a permanent form of government.'

'A democracy will continue to exist up until the time that voters discover they can vote themselves generous gifts from the public treasury.'

'From that moment on, the majority always vote for the candidates who promise the most benefits from the public treasury, with the result that every democracy will finally collapse due to loose fiscal policy, which is always followed by a dictatorship.'

'The average age of the world's greatest civilizations from the beginning of history has been about 200 years.' During those 200 years, those nations always progressed through the following sequence:

- 1. from bondage to spiritual faith;*
- 2. from spiritual faith to great courage;*
- 3. from courage to liberty;*
- 4. from liberty to abundance;*
- 5. from abundance to complacency;*
- 6. from complacency to apathy;*
- 7. from apathy to dependence;*
- 8. from dependence back into bondage'*

Professor Joseph Olson of Hemline University School of Law, St. Paul, Minnesota, points out some interesting facts concerning the 2000 Presidential election:

Number of States won by: Democrats: 19, Republicans: 29

Square miles of land won by: Democrats: 580,000, Republicans: 2,427,000

Population of counties won by: Democrats: 127 million, Republicans: 143 million

Murder rate per 100,000 residents in counties won by: Democrats: 13.2, Republicans: 2.1

Professor Olson adds: 'In aggregate, the map of the territory Republicans won was mostly the land owned by the taxpaying

citizens of this great country. Democrat territory mostly encompassed those citizens living in government-owned tenements and living off various forms of government welfare.'

Olson believes the United States is now somewhere between the 'complacency and apathy' phase of Professor Tyler's definition of democracy, with some forty percent of the nation's population already having reached the 'governmental dependency' phase.

If Congress grants amnesty and citizenship to twenty million criminal invaders called illegal's and they vote, then we can say goodbye to the USA in fewer than five years.
